Dear Mother:

I justgot in at noon today, and had a nice time. I called Daddy from Birmingham Sunday at noon and he told me all about the card from Bert. I certainly was glad to hear about it.

Weare leaving here Thursday for West Virginia for some training, and won't be here for a while. So you can't stop here on your way back. I'm sorry, but that is the way it is. They cut off 4 days of my furlough, because we have to move to West Virginia. I still hope to get off for the holidays and go to N.Y., but do not know as yet.

I am writing this at work, and have to cut is short. Be good, and write soon. I got your letter today when I got back.

Love,

Harold
